

Dr G Li
Department of Applied Mathematics
University of New South Wales
New South Wales
Australia

30 April 2013

Dear Dr Li

I am delighted to offer you a Visiting Fellowship of the Isaac Newton Institute for Mathematical Sciences, for the dates specified overleaf, to participate in the programme *Polynomial Optimisation*. This programme, which is to be held at the Institute from 15 July to 9 August 2013, is being organised by Dr JB Lasserre, Professor AN Letchford, Professor M Schweighofer and Professor J Fliege.

Visit Details

The specific details of your visit are set out overleaf. If you find it necessary to alter the dates of your visit, we would still be delighted to welcome you but may not be able to offer you the Visiting Fellowship.

We encourage our overseas Fellows to visit other UK institutions in order to give invited seminars or lectures during their stay at the Institute. We can cover reasonable associated travel costs within the UK.

Office Space

As a Visiting Fellow you will be entitled to a dedicated office space with a desktop computer. You will also be able to use your own laptop, either connected directly to our network or via wireless. Please note that office accommodation in the Institute is usually shared.

Action Required

In order that we can make the best use of our resources, I would be grateful if you could respond to this invitation **immediately** by returning the online "Response to Invitation" form which is available at <http://www.newton.ac.uk/cgi/r2i?CODE=POP>. Please also complete the Housing Request Form at <http://www.newton.ac.uk/cgi/housing>.

Visa

If you require your invitation in hard copy for Visa purposes, please let me know as soon as possible via e-mail to programmes@newton.ac.uk. Please ensure you have back-to-back pages (ie at least one blank sheet) in your passport.

I look forward to welcoming you to the Newton Institute. Additional information for visitors is enclosed but please let me know if you need any further assistance.

Yours sincerely

Professor John Toland, Director
