

- PhD students
 - * **Farah Rafei**, current student starting August 2017, RTP holder.
 - * **Sabarina Shafie**, 2012–2016, Thesis title: *Mixed finite element methods for nonlinear equations: a priori and a posteriori error estimates*.
Sabarina is currently a Lecturer at Sultan Idris Education University, Malaysia.
 - * **Kim-Ngan Le**, 2010 – 2014, IPRS holder, Thesis title: *Numerical methods for the Maxwell–Landau–Lifshitz–Gilbert equations*.
Kim-Ngan is currently a Lecturer in Mathematics at Monash University, Australia.
 - * **Ilya Tregubov**, 2010 – 2014, IPRS holder, Thesis title: *The shallow water equations on the unit sphere with scattered data*.
Ilya is currently a software developer at Catalyst IT Australia.
 - * **Duong Thanh Pham**, 2008 – 2011, IPRS holder, Thesis title: *Pseudodifferential equations on spheres with spherical radial basis functions and spherical splines*.
Duong is currently an Associate Professor in Mathematics at Vietnamese German University.
- Master by coursework students
 - * **Eng Kheng Teoh** (2016)
 - * **Joe Hegarty** (2014)
 - * **Paul Croaker** (2007)
 - * **Sarah Flora Samson Juan** (2007)
 - * **Yin Ching So** (2006)
- Honours students
 - * **Kenny Lau** (2017, Honours First Class, University Medal)
 - * **Kin Wai Chui** (2004, Honours Second Class)
